2022 School Payments

Dear Parents and Carers,

High School is proud to offer a range of exemplary curricular and co-curricular programs to students across the school. While the Victorian Government supplies most of the school's funding, this is not sufficient to meet all the costs of the school's programs. All schools are dependent on locally raised funds to supplement government funding for curriculum programs, school services and resources. Locally raised funds in the form of parent contributions are essential for the operation of the school's extended learning program, specialist staff and the provision of additional equipment.

Parent Payment Policy

The Department of Education and Training (DET) Parent Payment Policy provides advice on the different types of payments that schools may request from parents and outlines the procedures and protocols to which schools must adhere. The High School Council is responsible for developing and approving a school-level parent payment arrangement that is compliant with the Department's policy. The DET policy is available here <https://www.education.vic.gov.au/parent-payment/policy> or a hard copy is available on request from the general office.

Financial help arrangements

High School offers a range of supports to families who are experiencing financial hardship and are unable to make the parent payment. The DET also provides a range of supports to families that will complement the school supports. The school-based arrangements could include establishing payment instalment plans and providing access to school resources. The DET's arrangements include access to a range of government-funded support programs including the State School's Relief Fund, the Campus, Sports and Excursions Fund (CSEF) as well as a range of student scholarships. Families should contact the school via our 1800 7300 to inquire about these supports.

The High School Council wishes to ensure that increases in parent payment contributions are minimised. However, it cannot be too strongly stressed that the viability of many of our innovative programs is dependent on your support via the payment of the voluntary parent contribution. Payment of the parent contribution is preferred at the time of course confirmation and payment of the school fees.
