

BEEKON

2022

MOOROOLBARK
COLLEGE

ACKNOWLEDGEMENT OF COUNTRY

We respectfully acknowledge the past, present and emerging Elders and Traditional Owners of this land, the Wurundjeri people. We are honoured to share this land we all live on together and recognise our connection to all Aboriginal communities who have resided in this area and pay respect to the ongoing connection to land, sea, culture and heritage.

*A place to inspire discovery, to value and
to seize opportunity*

Wilam duwi yaggon-iet, gahgook ba gunga nanbo

ENDEAVOUR RESPECT RESILIENCE COMPASSION

The name 'Beekon' derives from the Wurundjeri word for Mooroolbark, which is thought to mean earth or place. Thank you to all the staff and students who contributed their words, photos and memories of 2022.

Front cover art by Emilee Mitchell Year 12, GI
Body Image, 2022.
Acrylic on canvas

This piece was inspired by the standard of body positivity, and how it focuses on changing yourself to fit an image rather than understanding a positive body image requires being comfortable and loving your body knowing that it's not perfect in society's eyes. The subject matter and colours were chosen to embody that idea.

2022 has been an exciting year for Mooroolbark College. One of our proudest achievements has been the naming of our four Houses, Baan (Blue), Darrang (Green), Biik (Red) and Ngawan (Yellow). We engaged Simone Thompson, a Melbourne based Woi-Wurrung Wurundjeri and Yorta-Yorta artist, who created outstanding art works to symbolise each House with a story line to go with each House. Simone worked with both our staff and students to understand the culture of each House.

To coincide with this, the beginning of Semester 2 saw the opening of the Student Wellbeing and Learning Centre. This facility supports the College's philosophy that great learning cannot happen without supporting student wellbeing, wellbeing is supported when students are confident and successful learners. Combining the library, House Offices and wellbeing supports has certainly been an overwhelming success.

I would like to congratulate the students, families and staff for their resilience this year as we managed COVID-19 illnesses and the resulting impact on the teaching and learning program. It has certainly been another challenging year, but fortunately we were able to keep a stable environment to enable teaching and learning to continue for all students throughout the year.

2023 is a year of celebration for the College as it celebrates its 50th Anniversary. This year of celebration will allow both our past and present school communities to celebrate the wonderful achievements of Mooroolbark College across many generations. The celebrations will commence on Saturday 1st April with a celebratory Open Day.

At the end of each year, we always say goodbye to a number of staff with 2022 no different.

I would firstly like to congratulate Matthew Donald on his appointment as Assistant Principal at Healesville High School. Matthew started at Mooroolbark College as a graduate teacher and shortly became a Cluster Leader, followed by House Leader of Green House. Matthew has also undertaken the role of Director of Curriculum these past few years, supporting the teaching and learning program at the College. We wish Matthew all the best in his new role.

I would also like to congratulate Allie Grey Smith, Lachlan Mann and Zac Parr who have also received promotions and are leaving the College at the end of 2022. All three staff have contributed to the College in meaningful ways. Again, I am very proud of the staff who began at the College as graduate teachers successfully becoming leaders in other schools.

We also wish Andrew Dingey, Lucy Badrock, Alannah Frampton, Taylah Mackie, Alex Ristovski and Christie Godby in their teaching roles in 2023.

From our educational support staff, we farewell Sophie Meyer and Kerri Hague this year.

During the year we farewelled Janet Whitby, Wayne Martin, Tracey Lackman, Jennifer Young, David Grey Noble, Rebecca Blowfield, Denise Raven, Olivia Burrows, Evgenia Giles, Charlie Wakeham, Nick Davatzis, Amy Donaldson, Stephanie Bell, Caroline Blomley, Tracey Lackman, Tina Forte, Matthew Wildner and Emma Brown. We wish them all the best as they take up new positions.

I look forward to welcoming our students back in 2023 and wish all our 2022 graduating students all the best for their future.

Ann Stratford - Principal

It has been so good to have a normal year. Our classrooms and yard have permanently returned to how they should be with the hustle, bustle noise and energy of excitable young adolescents. This year has seen ongoing progress in this great school of ours.

We welcomed in a terrific group of Year 7's who have quickly taken on board the College values and no doubt will help take our College forward in the coming years. Whilst we farewelled one of the great Year 12 cohorts that included several kind-hearted, hardworking and aspirational young adults.

We finally saw the end of construction work in the College to see the opening of what we consider to be a gold standard Wellbeing and Learning Centre in the heart of our school. It has been wonderful to see that area being so well used by our students during lunch breaks, Breakfast club or for Club 3/4. The harmonious buzz in that space during lunch breaks has been a sight to see and hear and we look forward to this space being well used for many years to come.

We are looking forward to the Year 7 Discovery Centre being repurposed with all core subjects being taught from the one space. Students will commence the year with a Year 7 start up program encompassing Literacy, Numeracy, ICT and Well-being initiatives.

Again, our staff were busy awarding merits to the many students that demonstrated our College Values of Respect, Endeavour, Compassion and Resilience. Close to 8000 merits were distributed to students over the course of 2022 and it was great to see some well-earned Principal's award recipients acknowledged at our assemblies. We have such terrific mix of personalities and talents in our school that continue to make our community a great place to work, learn and teach.

2022 saw many highlights including the newly formed Wakakirri Squad who have proudly and successfully represented the college. Our performers were recognised with an array of awards and were invited to spend time with Sonja Terpstra (MP) who discussed leadership and the role leaders play in the community.

The 2022 Production was staged in a very different way this year integrating Instrumental Music and the Performing Arts. We Will Rock You was a joy to see, and the audience response was supportive and fully appreciated by the cast. It is a highlight when the local primary schools join us every year for the matinee. Having a full house for our performers is always a special moment.

We have continued to work on connections with our extended community. Our Pre-service Teacher program has been very successful in 2022 providing further support and extension within the classroom and beyond. We have a small group of staff involved with the University of Newcastle Quality Teach Program, and we have continued our professional learning journey with Bastow.

Adam Lorkin, Samantha McIntosh and Rachael Williams - Assistant Principals

COLLEGE CAPTAINS

What a remarkable year it has been! Thank you to everyone in the Mooroolbark College community for taking on a positive approach to the return of onsite learning.

It has been a big year as we saw the return of many of our traditional school events following two tough years of disruptions. We were fortunate enough to witness the success of many of our peers in the Wakakirri team, as well as various other endeavours such as the Athletic and Swimming carnivals, and interschool sport.

The hard work and dedication of many within the Arts and the Performing Arts has been outstanding this year, leading to the creation of many independent movies shown at the Mooroolbark College film festival, as well as the making and performance of this year's 'We Will Rock You' production. The unveiling of the new Student Wellbeing Centre provides a welcoming environment for students to access key supports within the school and we can't wait to see the potential that this space has to promote learning and wellness.

From a Year 12 perspective, this year has been very challenging and yet fulfilling, getting to enjoy our debutante ball, Year 12 formal, various dress up days, as well as our end of year celebration at Funfields. We are very grateful for the shared experiences, memories, and relationships formed throughout the roller coaster of Year 12. Although it is sad for us to leave, we will carry these memories with us, and we look forward to seeing what everyone achieves.

To all of you at Mooroolbark College in 2023 and beyond, we wish you the best of luck and hope to see everyone keep contributing to the positive school culture.

Jackson Addicott and Hayley Knight - College Captains

SRC

The Student Representative Council (SRC) had a successful year coming back from the disruptions caused by lockdown, and we were able to run several stalls for different events throughout the year, as well as raising money for a cause important to students at the College.

We were excited to revamp the SRC in Term 1 of this year. We had a lot of Year 7's join and become involved with making posters, advertising in homegroups and running stalls and events. Our first stall came very early in the year making a profit of over \$400. We used this profit to buy an esky, investing in the future of the SRC. We were able to run a Women's Day stall, where we sold dried flowers, shower bombs and bath bombs for students to give to their Mothers and other important women in their life.

Following a petition for Mr Ingham to get a mullet that started as a joke, the SRC helped a few Year 10's to organise the Mullets for Mental Health initiative. Our members interviewed students and teachers on their own mental health to promote transparency and awareness, playing it at assembly. We organised advertising and awareness for the event with a public 'mullet shaving' at lunchtime, raising over \$1000 through the Black Dog Institute.

Finally, I'd like to thank our members that have helped all these events become reality, and especially our SRC liaison, Miss Farrell, who has truly been amazing in organising meetings and events all year. I wish everyone all the best in inspiring and creating change within the school.

Emily Reid - SRC President

English

It has been an exciting year in English! We have welcomed our invaluable new team members Penn Valk, Paige Williams and Amy Godfrey and we are sad to be farewelling Lucy Badrock and wish her all the best for the future.

It has been a big year for our Year 7 students, with a focus on experimenting with different text types and formats and students have also been honing their writing skills. A highlight was an author visit from Sofie Laguna, who spoke about how and why she became an author, her writing process and an open question time. She lead a guided writing task and here are a lot of talented writers at Year 7 this year and we are hoping she inspired many of them to pursue a career in writing.

Years 8, 9 and 10 have focused on developing their writing abilities in a number of different styles and have proven themselves to be competent public speakers through yarnning circles and persuasive and motivational oral presentations.

The Year 11 and 12 English Team are proud of the work that students have put in this year and for the resilience that has been shown when overcoming the challenges presented throughout the last two years. The improvements that the Year 11 students have made in their analytical and writing abilities over the year has been a pleasure to watch and we know that they will excel next year.

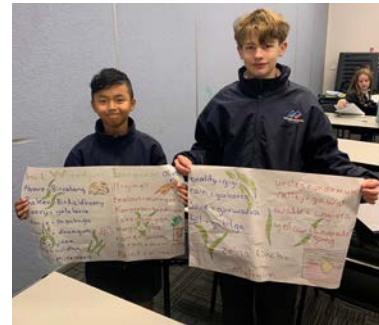

A highlight of the year for Year 12 was reading *The Crucible* aloud as a class, which revealed some hidden acting talent and helped to develop students' understanding of the key events in the play.

This year's Year 11 Literature course saw students embark on a range of new experiences. From reading and analysing texts in a very different style to what they were used to, to having to participate in more debates than anyone thought possible, the journey has been a rewarding challenge for many of us.

The Year 12 English Language students were small in number but large in personality and effort as they braced for a bumpy 'normal' year of schooling. Whilst there were moments of hardship early, particularly with the amount of subject specific language, they strove through and mastered. Congratulations!

The Night of Excellence offered us the opportunity to celebrate the top students in English at each year level as well as show the progression in the analytical and writing abilities from Year 7 to Year 12. We would like to congratulate Giselle Leonard for winning the People's Choice Award for English.

Amy Broekmann - Head of English

EAL

With the end of 2022 rapidly approaching, it is a great time to look back at the highlights of the year and celebrate the amazing growth our EAL students have developed in the past 12 months.

For many of our Chin students, the Wakakirri Dance Festival has been an absolutely unforgettable journey.

The farewell to our 2022 Year 12s was also an event of mixed emotions - pride, joy, excitement, and sadness to see them go.

Those students have overcome all the unimaginable hardships in life and made the best of their education. During their years at Mooroolbark College, they have truly lived up to the school values by being invariably respectful, diligent, resilient, and compassionate. We wish them the best in the future.

The EAL Homework Club in collaboration with the Migrant Information Centre and Centre for Multicultural Youth has now drawn to a close in Term 4. We have had a few successful sessions when more than ten students turned up to seek help with their schoolwork. The academic progress in our EAL cohorts is also worth mentioning. Our Year 7's have performed exceptionally well in Semester 1, while Year 8 overall has seen the biggest improvement from last year.

Other events like Harmony Week, Chin National Day celebration and EAL Parents Morning Teas have also taken place alongside regular activities like volleyball training. We look forward to further embracing the diverse culture at our school and running more extra-curricular activities to enrich young people's lives.

Yi Jiang - EAL Coordinator

Mathematics

Mathematics at Mooroolbark College 2022 has been another great year! Our students have been given more opportunities than ever to experience real world connections and collaborate with others as we have returned to a more consistent learning environment.

Some of the opportunities we were able to experience this year have been a visit to Mars with our VHAP students as well as 3D printing and exploring Lazer cutting technology at KIOSC.

We can also celebrate the use of the new learning spaces around the College after some major building works have been completed in 2022. This has provided us with new learning opportunities and perspectives.

Our junior students in have pioneered independent learning goals in Mathematics. Students select their own goal supported with classroom curriculum and independently use learning tools provided to work towards achieving this goal. We hope to empower students and build learning self-efficacy by giving them agency for their learning in the classroom.

2022 has been a great year to try new things and settle back into a school environment we are excited for what 2023 has to bring.

Have great break and we look forward to seeing you next year.

Jade Hubben and James Taylor- Heads of Mathematics

Arts

This year has been a fantastic year in The Arts. It has been so great to have all of our events back with fantastic performances, displays and attendance throughout the year.

It has been a big year in the performing arts. This year we introduced our new Performing Arts subject at Year 7 and 8 which helped to combine the areas of Drama and Music into the one semester. Students have absolutely loved being able to combine their passions for both areas in the one subject in both year levels. Outside of the classroom, this year's College production of 'We Will Rock You' was a huge success! The performances were amazing. All of the students and staff involved should be very proud of their work.

In the visual arts, it was fantastic to be able to once again host our annual VCE Arts Showcase as part of our Night of Excellence. The night showcased amazing work created by students in Art, Media, Studio Arts and VCD. The sheer amount of work, the quality and the variety was phenomenal. The night also saw voting once again in our highly coveted People's Choice Award, which was taken out by Shaylah Haywood of Year 12 for her Studio Arts piece 'Decay'. Finally, Term 4 also saw the return of our annual film festival. The 10th annual Mooroolbark College Film Festival was a huge success, showcasing the highly engaging films created by our Media students. Two students in particular did an outstanding job; Liam Casey in Year 12 Media and Anisa Aganovic in Year 11 Media both creating stunning short films.

This year we bid farewell to Alannah Frampton. The Arts Department wish you all the best for the future.

Matthew Neil-Holland - Head of Arts

Health and Physical Education

There have been some fantastic highlights this year in Health and Physical Education (HPE) including the Year 9 SEPEP European Handball and Gymnastics units.

In Year 9 Health students were treated to the live play called 'Smashed', which demonstrated the social, emotional, psychological and legal impacts of underage Alcohol consumption. The Polished Man, was a powerful incursion encouraging men to step up, speak out and take a stand against violence towards women and children. Students were guided to identify problem behaviours and speak out to curb the bystander effect.

Year 9 Advance Duke of Edinburgh class put their physical capabilities to the test at

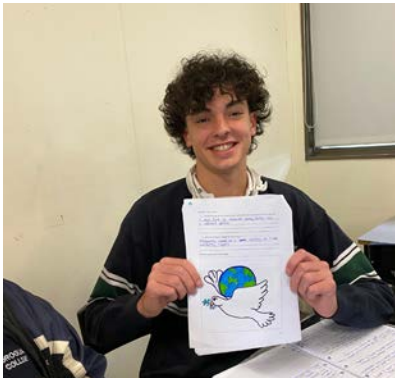

Ninja warrior training at the Ninja Parc (Bayswater).

Year 10 Talented Sport Program visited the Victorian Institute of Sport and learned about nutrition at an elite performance level.

Year 12 Outdoor Environmental Studies students hiked up to the Mount Buller Summit, to incredible views, and some experienced snow for the first time. They also completed a 20km hike through the Howqua Hills (including 12 river crossings in freezing cold water). Memories that will last a lifetime.

The Year 12 Physical Education students completed their Fitness Training Camp in August allowing students to reflect on how training regimes can be used to target various Fitness Components. All involved had a great time, showcasing the College value of resilience during each challenging session.

One of the well-loved events of the school calendar is The Mount Buller Snow Day. The weather wasn't favourable, but the students carved up the snow with many experiencing it for the first time.

Bring on 2023!

Stephanie Todd - Head of Health and Physical Education

Humanities

Humanities classrooms were once again alive with our ongoing focus on action and review-based education. Highlights have included:

Our Open Night displays included our very popular archaeological boxes. Students used brushes and spatulas to carefully unearth objects and then created precise quadrant records.

Lego was a hit in Year 9 World of Work, with students creating annotated models of key employment centres.

Classes explored details of events in Ukraine, from geographical and historical perspectives.

Education Perfect continued to be an invaluable resource for junior classes.

Year 7 History students investigated land management by Ancient Australians, including fire management, whaling, cool versus hot fire methods and the trading of grain.

We had History and Be Your Own Boss excursions, plus Geography field trips to Kinglake, the Melbourne CBD, Richmond and the Mornington Peninsula. It was so much fun applying what everyone had learned in the classroom.

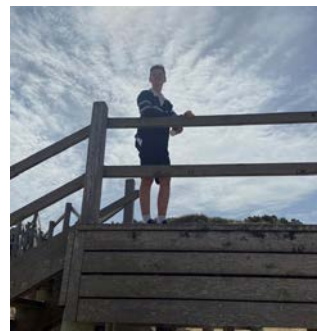

Year 10 Economics worked on saving the world! Students formed think tanks and wrote briefing papers on environmental issues, social cohesion, cost of living, the debt crisis and technological threats.

Legal Studies students played Jeopardy as part of their revision program. It was a great, fun way to help recall course information. At the time of writing, our Year 12 students were undertaking exams for Accounting, Business Management and Legal Studies. Humanities staff wish all Year 12 students the very best. Thanks to our Year 12 teachers and all staff who helped in what for many students has been a six-year journey.

We are excited about our new Year 9 subject, Herstory, which will explore female historical narratives in 2023.

Thanks to all Humanities students for your amazing efforts this year. On behalf of the Humanities team, enjoy your break and see you next year!

Chris Hanneberry - Head of Humanities

Languages

Hallo & 你好!

It is amazing to reflect on how the year has raced by and a pleasure to see how our language learners have progressed. It really has made a world of difference having a full year back at school without major disruptions or lockdowns, not least of all because we were exploring the world in the classroom through language, geography and culture.

There have been so many highlights including: The wonderful Written and Oral CATs submitted; the successes in the Education Perfect World Championships (placed 13th in German out 1228 competing schools worldwide); two (almost unattainable) certificates of the 10,000 point Elite level, reached by Aliyah Orwin doing Year 8 Chinese and Bailey Paget in Year 9; the amazing exposition of student work at the Night of Excellence including the winner of Languages' People's Choice award by Hollie McInnes. But let's focus on what most students enjoyed saw as the highlight: The first Year 8 Cultural Excursion since 2019!

The two language groups separated at Flinders Street. The German students visited the Immigration Museum for the first time ever. The

Museum explains how this country has been shaped by the many and varied waves of immigrants that these shores have welcomed. Most students were able to find something they could relate to, based on their own family histories. At the Hofbräuhaus, the well-known German Restaurant, students were treated to a delicious feast!

Our Chinese students visited the Chinese Museum and explored the history of Chinese settlement during the Gold Rush. Our students learnt about the world's biggest Chinese dragon, saw Chinese textiles, costumes, furniture and a life-size Terracotta warrior. We learnt about the history of Qin and Han Dynasties, viewing a range of artefacts including a Jade Burial Suit and an ancient seismograph which was invented by Chinese scientist Zhang Heng in the Eastern Han period 132 AD. Then we lunched at the 'Shanghai Village' restaurant for a delicious treat. It was an exciting and informative day for our Year 8 students.

So, if the achievements and activities of 2022 are anything to go by, 2023 should be even better!

Jonas Bahlo - Head of Languages

Science

We have had a fantastic year in Science, with students studying a range of exciting topics including body systems, forces, chemical reactions and energy to name a few! We celebrated the 2022 National Science Week: Glass: More Than Meets the Eye; with a range of lunchtime activities including creating sun catchers, kaleidoscopes, and fibre optics with hot glue.

Our Year 7's learnt how to safely conduct Science experiments and earned their Bunsen Burner licences. Congratulations to all our Year 7's for their hard efforts learning how to safely work in a laboratory.

Our Year 8 students conducted their first dissections and explored body systems, looking at how they interact and keep us functioning.

In Year 9 students explored matter and chemical reactions, completing a range of experiments.

Not all our learning was conducted within the classroom. We had a variety of excursions to allow for deep understanding.

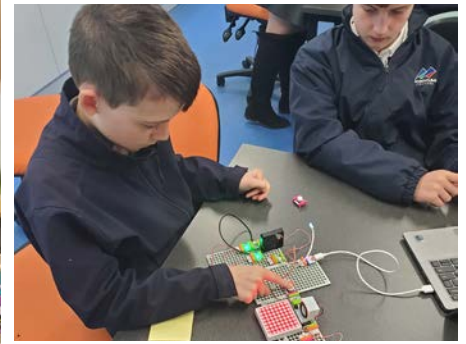

Year 11 Biology students went to Melbourne Zoo to complete a unit on adaptations for survival, our Year 12 Physics students went to Lunar Park to experience mechanics in real life and our Year 10 forensics students went to KIOSC to explore how evidence is collected and analysed to solve a crime.

This year we welcomed in some new members to Turtle Club, who came in at lunch times to feed and exercise Franklin and Sheldon; they are growing so quickly!

Tristan Dunkley - Head of Science

Technology

2022 was a fantastic year of growth for our instrumental program at the College with additions to the teaching team in Clare Assetta (voice), Viv Doolan (percussion) and Chris Schurmann (guitar). We welcomed many new Year 7's to instruments and ensembles, joining our 8-12 students that are continuing their musical journeys.

There were many wonderful things to celebrate this year, including the return of performances on site with full adoring audiences. Our Winter Concert was a roaring success and saw performances from all ensembles and some really special soloists. The Production Camp saw the creation of the 'Big Bucket Band' who built a setlist and then performed as a curtain raiser for the 2022 production.

Our Night of Excellence was another opportunity for our soloists and ensembles to share their most amazing works and they did not disappoint, performing to a jam packed T block and blowing them away with their sound and stage craft.

We have one more event on the calendar, the inaugural Summer Concert, which will see our performers fill our southern quadrangle with great tunes and their wonderful performance craft. Hope to see you there! Positions are available for the 2023 program so please get in touch with Mr. VK or the Arts office for an application.

Jordan van Keulen - Instrumental Music Coordinator

INSTRUMENTAL MUSIC

2022 has been an exciting year in the Aspire Program. On top of all the wonderful opportunities in the classroom, our Aspire students were relishing the opportunity to head out on excursions this year (after a 2-year excursion drought!).

During Term 1, 9A headed out for the day for a "City Experience" excursion, navigating public transport to complete a scavenger hunt by using teamwork. They participated in some virtual reality sessions and attended Artvo, where they were able to immerse themselves in the experience. A huge thanks to Mr Parr for all his hard work organising this excursion.

Both 7A and 8A attended programs at the Yarra Ranges Tech School. The Year 8 class participated in the program, "Sustainable Energy - Data Science" and the Year 7's completed, "An introduction to Design Thinking". These days provided students with a wonderful opportunity to investigate real-life scenarios using innovative leading-edge technologies. 7A and 8A also visited Melbourne Zoo, participating in the program "Animal Classifications and Adaptations". A big thank you to Mr Dunkley and Mr Donald for braving the rain and helping the students experience this fascinating program.

Lastly, during Term 4 our Year 9 class ran a special "Adventure Day" for our 7A students. This day was entirely planned and run by the Year 9 students, giving them the opportunity to develop their problem solving, time management and decision-making skills. What a fun way to celebrate the end of the year and a special thanks to Mr Parr for his work behind the scenes getting ready for the day.

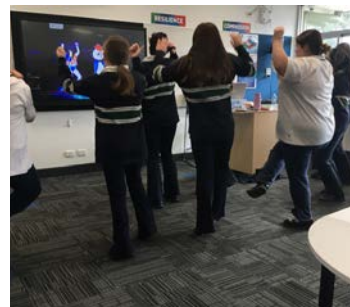

After 3 years, it is time to say goodbye to our 9A students who are graduating from the Aspire Program. I hope that your time in the program has been challenging, fun and that you have made friendships that will continue on for the rest of your school life and beyond.

I look forward to seeing what amazing adventures we can have in the Aspire Program in 2023!

Kara Salmon - Aspire Program Coordinator

Snapshots OF 2022

Celebrating 30 years of stories
WAKAKIRRI
 NATIONAL STORY-DANCE FESTIVAL 2023

The Indigenous word 'Wakakirri' means 'to dance a story'. A great story can change the way people think about the world around them. Wakakirri is Australia's largest Performing Arts event for schools with over 180 taking part in 2022. Participating schools are inspired by the Wakakirri ethos 'great stories inspire change'. This year, our extremely talented dance troupe participated in the National Wakakirri Festival and were thrilled to take home several National Awards for their performance entitled 'The True Cost'.

THE STORY BEHIND THE PERFORMANCE:

A large part of the learning focus for the Wakakirri program at Mooroolbark College emphasises changing perspectives and taking action as a critical part of being an active learner. Many students were shocked to discover the impact fast fashion has on both our environment and humanity.

Our performance examined the misconnection between garment workers and consumers within the fast fashion industry. Responding to the simple question "who made my clothes?" the performance illuminated the hands behind the products we wear.

Initially inspired by Andrew Morgan's 'The True Cost' - students explored the themes of overconsumption, greed and sacrifice via an exposition of garment workers and a young shopaholic. Designed to be a powerful form of activism, generating important conversations around social injustice, our performers prompted the audience to consider the true cost of the clothes we wear. The complexity of the item required focused movement and adroit choreography, along with high level acting skills to convey the magnitude of the global fast fashion crisis.

Respected Australian actress and dancer Kristin Wantenaar (nee Agnoli) was extremely enthusiastic in her praise of the talent on show and the sophisticated standard of Mooroolbark's performance.

"A very impressive emotional connection to a well-rehearsed and beautifully choreographed story-dance"

Our team were thrilled to be invited to perform at the prestigious Awards Night and take home multiple National Story Awards. Wakakirri Festival Director Adam Loxley said, "The standard of performance and the stories being told by schools this year was exceptional so Mooroolbark College should be very proud of their award".

"This is an amazing awareness piece. The soundtrack was very emotive and complimented this story beautifully. The voice overs were a great addition to further enhance this message and provide further education. I absolutely loved the choreography. It was very well rehearsed and relevant to tell this story. The movements were all for a reason. The production elements were extremely well put together. I loved the emotion this group portrayed. You all really understand emotion and connected the dance to other performance elements. This story-dance ticked ALL the boxes for a National Performance. A wonderful story!" - National Wakakirri Panel

Felicity Williams - Wakakirri Director

Show Awards

Excellent ensemble, Excellent polished performance, Excellent group dance, Amazing visual effects, Excellent soundtrack mix, Best public speaking, Best teamwork, Spirit of Wakakirri.

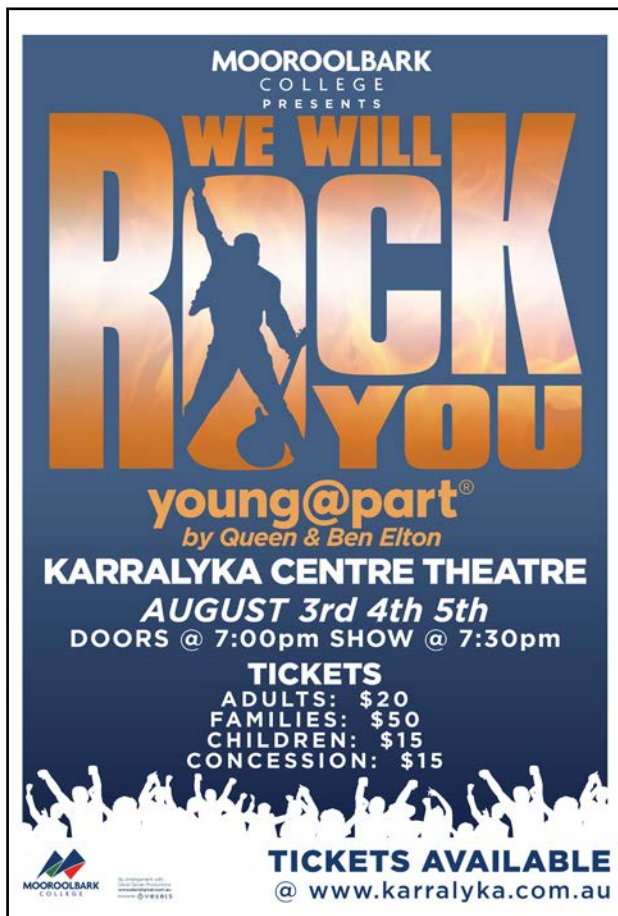

State Awards

Excellent ensemble, Excellent polished performance, Excellent group dance, Amazing visual effects, Excellent soundtrack mix, Best public speaking, Best teamwork, Spirit of Wakakirri, National Festival Award- Environmental Story Award (Nomination), National Excellence in Performing Arts Award (Nomination)

In addition to this, Mooroolbark was awarded the privilege of delivering the acknowledgement of Country.

National Awards

National Festival Award- Environmental Story Award, National Excellence in Performing Arts Award

In the not too distant future- music is dead! Technology has replaced the human touch - all that is allowed is soulless automated algo-rhythms! Can our young heroes re-awaken the Spirit of Rock and Roll and the save the world from a bleak future?

We Will Rock You was a fun and fast moving musical adventure that uses the music of Queen to tell the story of how two young individual 'rebels' challenge the colourless 'norm' and dare to dream of a brighter- and rockin'- future for all of humanity!

Our mainly junior cast announced themselves as confident and talented performers. They sang, danced and acted in a superb fashion in presenting a thoroughly entertaining production.

Going forward, the College is in a great position with such a talented young cast coming through as our potential shining stars of our future productions!

Our crew of junior students were trained by our returning senior crew and they did a brilliant job. The show ran incredibly smoothly and looked great!

Once again, our staff gave generously of their time and provided direction, guidance and elbow grease in order to make the production happen.

We Will Rock You was a great return to the Theatre after the tribulations of the last few years. And we have wonderful young performers to go and see in the future!

Peter Marz - College Production Director/Producer

The Library is at the heart of every book lover and reader, and this year has seen a lot of love for the library. With a newly designed circulation desk and great big windows allowing for a much brighter space, there have been a few changes at the Library. However, the traditions of plenty of reading recommendations and Uno games at lunchtime have remained.

Our bookmark competition this year saw Bethany Seymour and Lillie Smirnow take out top honours with their incredible artwork celebrating the 2022 Book Week theme of "Dreaming with eyes open". Bookmarks are available in the Library with Bethany's and Lilli's designs. A huge thank you to all the students who entered this competition, especially to all of our shortlisted designs.

The Premier's Reading Challenge this year saw four students complete the challenge. Collectively, they read more than 150 books! Huge congratulations to Georgie Collyer, Giselle Leonard, Hayden Dempster and Vincent Kim.

The Library continues to be a warm and welcoming space for all students and we encourage all students to spend some time browsing the well-stocked shelves. There are new books every month and all of the Library staff love to provide recommendations.

Prue Bon - Library Coordinator

Fun at camp

By Giselle Leonard

The harness cuts painfully into the skin on my legs. Nervously I adjust it. The instructors voice cuts through my thoughts.

“Next one up!”

With shaking, unsteady legs I climb the steep, almost vertical ladder. The steel is cold on my hand so it's a relief when I make it to the

top. The pleasant feeling is soon chased away by fear as I look down and notice how high I am.

But then the fear gives, just slightly, as I see the stunning view. The instructor clips my harness to the thick wires that run the length of the high ropes course and I begin to feel exhilarated. With a quick nod from the instructor, I step out onto the course.

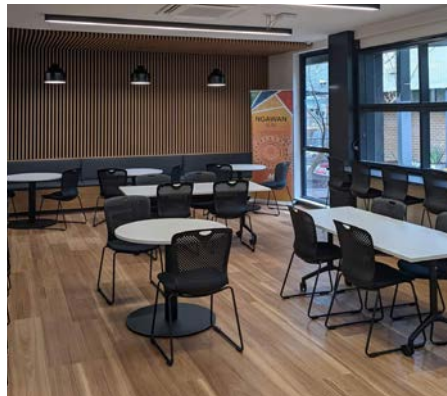

YEAR 10 SOCIAL

STUDENT WELLBEING

Mooroolbark College has a great focus on building a positive, active, healthy community, promoting connection, and supporting diversity. The team is made up of several staff whose primary focus is on the wellbeing of all our Mooroolbark students. Following the ravages of COVID our team has increased in size and our capacity has expanded. The team members bring a range of unique talents to their role and complement each other's strengths and training.

We take the welfare of our students seriously knowing that confidence and academic success are founded in positive mental health. With that in mind, we aim to support each student as an individual, listening to their unique stories, resourcing them with appropriate skills, and supporting them as they explore their personal journey.

It is an ongoing delight and privilege to spend time with the students, to experience their courage, creativity, compassion, energy, resilience, and sense of fun and to watch them grow from a hesitant Year 7 student into a young adult with a clear sense of who they are and how they want to move forward.

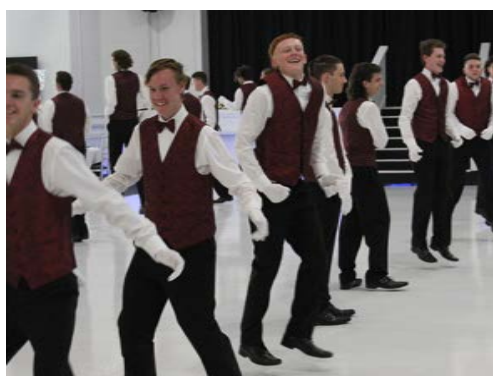

Wellbeing is not the sole preserve of this team; we have a House/ Homegroup system that is set up for the chief purpose of making sure each student has a caring adult who will walk beside them through their high school journey. Research tells us that when a young person has an adult, outside the family who connects with them and looks out for them, then that person will be better protected from the crashing waves and curve balls that life throws at them. Our aim is that all our students will feel cared for and looked after, knowing that there is someone in their corner.

Moving into our newly completed, wellbeing centre has been a highlight for both staff and students. It has given us a large, shared space that is welcoming and safe. It has also brought the Houses together with our Wellbeing staff to reinforce our united approach to student care.

We are so grateful that we can play a small part in the journey of these amazing young people as they grapple with the joys and challenges that they will inevitably encounter in the years to come.

John Nichol (Wellbeing Coordinator), Siobhan O'Halloran (Mental Health Care Practitioner), Siobhan Martin (Mental Health Care Practitioner), Rebecca Herrick (Counsellor) and Gill Van Der Ende (Chaplain) - Student Wellbeing Team

Mooroolbark College

Debutante Ball, Saturday 12th March 2022

Row 6: Hayden Smith, Joshua Kuszlaba, Benjamin Grant, Alexander Jackson
 Row 5: Declan Finch, Jackson Addicott, Esile Wisley, Darcy Travis, Lachlan Breen, Reilly Jacobs, Mitchell Wighton, Josh Bartlett
 Row 4: Ajay Fairweather, Lachlan Scott, Jason Dunn, William Watford, Jordan Scott, Harrison Argus, Jackson Alexander, Campbell Saunders, Zachary Sposito
 Row 3: Bailey Kilby, Mikayla-Jayda Glover, Jasmine Hoste, Madeline Paisley, Stella Haukinima, Mia Austin, Tayla Ferguson, Stephanie Treiano, Ebony Thomson, Benjamin Graaf
 Row 2: Melanie Tinch, Tarryn Hodgett, Grace Pearce, Sarah Hew, Zoe Douch-Gardiner, Ella Kuszlaba, Ebony Kilgour, Charlotte Murray, Laura Taylor, Jayde Deery, Hayley Knight
 Row 1: Jessica Francis, Samantha Tucker, Courtney Deery, Bianca Hazelstone

Debutante Ball, Friday 11th March 2022

Row 5: Jacob Shiel, Bailey Van Bert, Luke Sutherland, Ilro Smit, Zachary Bos, Mason Ochiltree
 Row 4: Ryan Bentley, Kai Weston, Tannar Riches, Cooper Williams, Finn Martin, Samuel James, Kyle Rourke
 Row 3: Cameron Sheedy-Mackenzie, Jake Norris-Crosby, Amy Oliver, Hannah Schofield, Inica Smit, Amy Douglas, Zachary Sposito, Jackson Alexander
 Row 2: Kyla King, Shaylee Goodwin, Anisa Aganovic, Taylah Mensa, Dakota Briant, Taliyah Moss, Kayla Manthey, Drew Clarkson, Sarah Felstead
 Row 1: Sienna Zenkalinis, Hilary Mihalcssek, Ashlynn Tampion, Samantha Tan

MOOROOLBARK COLLEGE

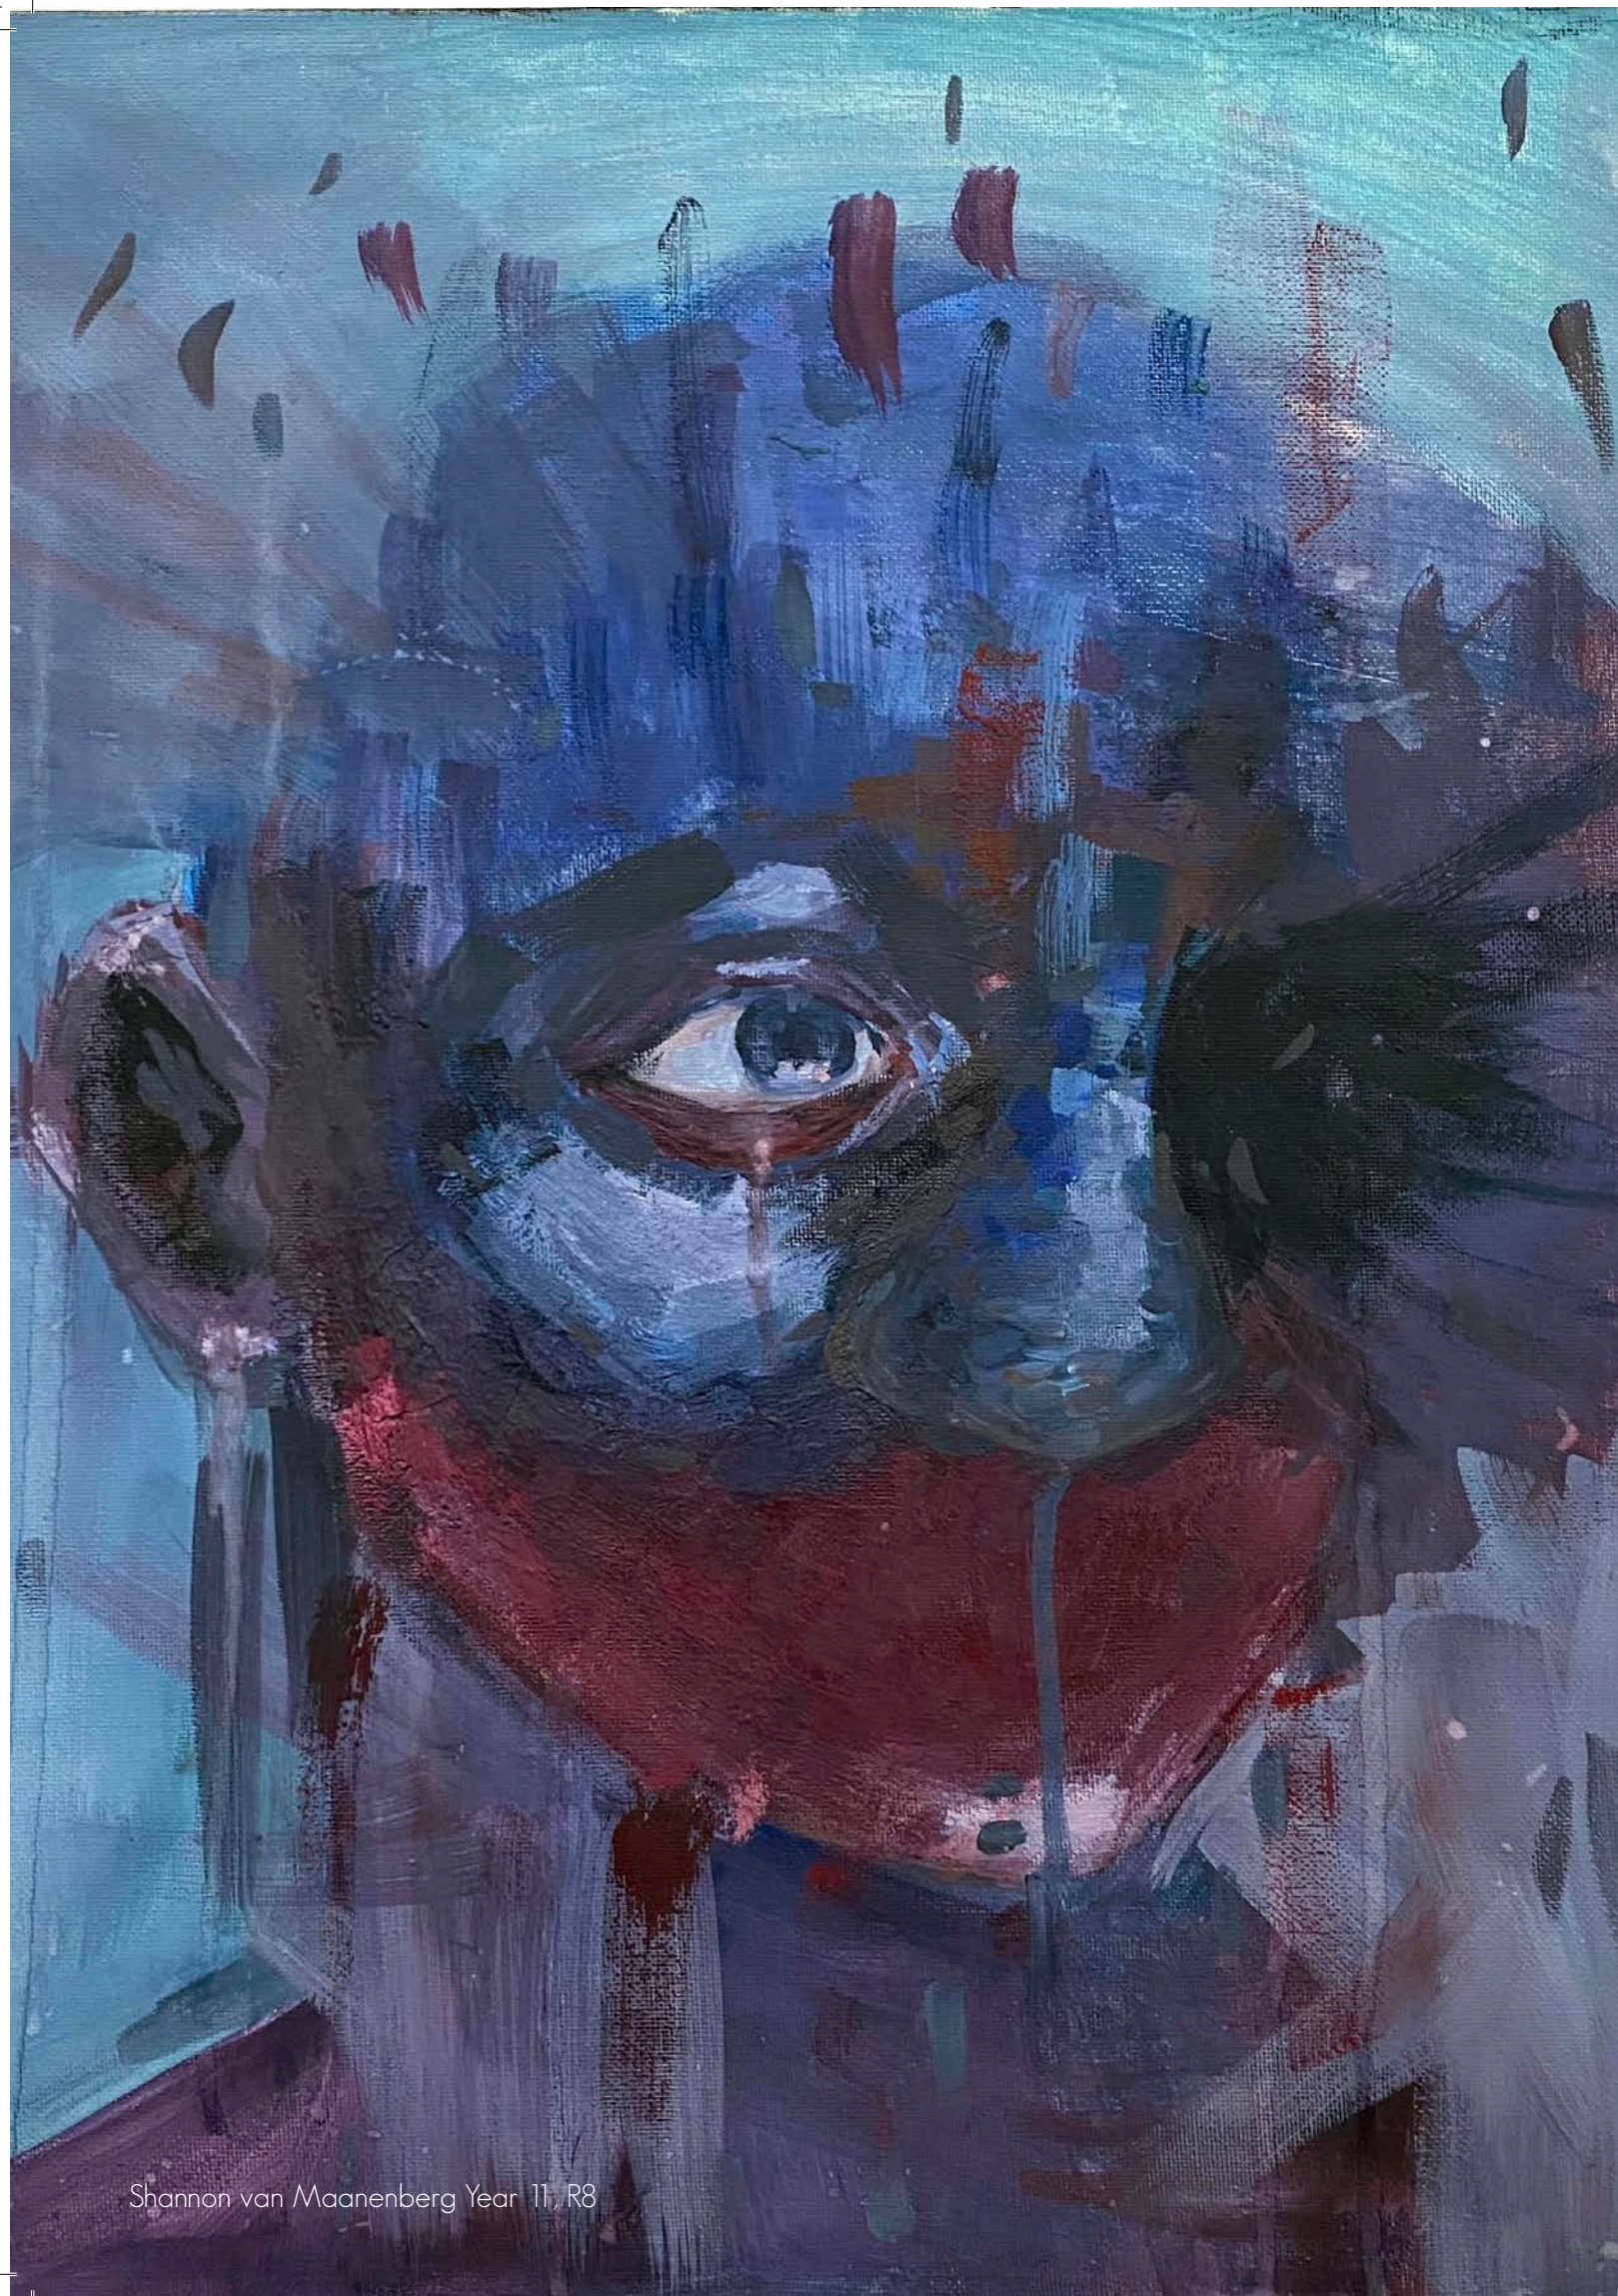

This year proved to be a lucky one for the running of the annual Debutante Ball, with both the 58th and 59th Debutante Balls being held over the March long weekend.

In front of special guests, Mr Tyrone Ingham and Ms Harriet Shing (MP), the Year 11 Debutantes and their partners were introduced and then showed off their newly acquired dance skills to thunderous applause. On behalf of the 59th Debutantes and partners, Sam Tucker, Kyla King, Kayla Manthey and Zach Bos spoke about the joys and excitement of participating in such an event, and were gracious in their acknowledgement and thanks to everyone who had supported them throughout the preparation stage.

On Saturday March 12th, 2022, our Year 12 students were finally able to take to the dance floor and participate in their Debutante Ball. Hayley Knight, Courtney Deery, Alex Jackson and Jackson Addicott spoke on behalf of the 59th Debutantes and expressed their sincere appreciation for all the support and hard work that went into ensuring that this Ball was able to be held. Our special guests, Ms Belinda Cannington and Ms Bridget Vallence (MP), were thoroughly impressed by the class and sophistication of our Debutantes and their partners as they were finally presented.

Participation in the Debutante Ball is something that can't be done without the support of a large number of people within the College community, and our sincere thanks and appreciation to everyone involved in this incredible event is extended.

Prue Bon - Debutante Ball Coordinator

Shannon van Maanen Year 11, R8

STEAM

At Mooroolbark College, we are fortunate to own an Innovative space in the form of a Discovery Centre where students have been busy taking part in various STEAM-related experiences throughout the year.

We started the year with a STEAM day at Yarra Ranges Tech School where students from Years 7 to 10 worked with STEM experts from Railway Careers where students proposed designs for the new Railway Station. Later a group of students attended a Drone Fair at the RMIT campus where they earned themselves junior drone pilot licenses.

Some students from Year 9 Innovative Science designed shake tables and towers. Students also learned how to administer First Aid through VR.

Ashlee Jordan, Bianca Lagwa, Jordan Roache, Tom Stafford, and Shayla Isabel received an Inaugural Clayton Utz Yarra Ranges Tech School Teamwork and Collaboration award at Box Hill Institute Student Recognition and Awards Night. The team Designed a Robot cat for Emotional support. Their solution showed a deep understanding of the technology and went above of what was expected. They had their robot cat designed with additional movement, sound and electronics innovations. They also produced a movie with their robot and provided aid to the other students and teams in terms of their technology use and trouble shooting. They exhibited the higher standard of Respect and actively employed the kind specific and helpful feedback principles. Mooroolbark College students were the only junior secondary students who received an award at Box Hill Institute.

Tooba Awais - Director of STEAM

It has been another fantastic year of competition for the House Cup this year. It was great to see students getting involved in extra-curricular activities such as Inter-school Sports, We Will Rock You Production, Winter Music Concert, Night of Excellence and Language Perfect just to mention a few.

Thank you to all the staff for supporting the House Cup activities throughout the year. It was an extremely close competition this year, however, Baan House ended up dominating.

First place in the Sports Cup was Baan on 2351. First place in the Academic Cup which is based on student academic endeavours in their subjects was Baan on 3850. First place for the Merits Cup is based on the number of merits earned by students over the course of the year (reflecting our four school values of Resilience, Compassion, Endeavour and Respect) was once again Baan House with 2082.

First place for the Community Involvement Cup reflects the House that has the greatest number students involved in extra-curricular activities and activities where they represent our college in the broader community, was Biik on 490 points.

The final results for 2022 were in fourth place Ngawan, third place Biik, second place Darrang and in first place Baan on 8422.

Congratulations to all the students who participated and got involved in earning House points for 2022. It was great to see how competitive and close the Competition was this year and great to see House pride and school pride reflected in our student's endeavours. Thank you to all the House Captains for leading by example and for supporting our Houses.

Betty Metaxas - Inter House Activities Coordinator

HOUSE CUP

2022 saw Ngawan again reign champions on the Athletics track for the 7th year in a row! Ngawan House looked to instil the College Values into our students with our Captains running engaging assemblies, Homegroup activities and raising over \$1700 for the FIGHT MND foundation.

Many highlights across the year included, the Swimming & Cross-country Carnivals. Ngawan House's participation in the production was high and more than 1600 merits were handed out to Ngawan House students across the year. The Ngawan House spirit was alive and well at the carnivals with students dressed brightly and supporting the Yellow Stingers! The Thunder Hockey tournament run by our captains was a lot of fun with Y9 becoming the eventual champions.

Academics was once again a real strength throughout the year, with a huge number of students receiving recognition for their perseverance and dedication to their studies by receiving Principal Awards, mid semester and at the end of year Academic Achievement Awards. With a special mention to Ash Missen (Year 9), James Odgers (Year 10) who received the Mid-semester DUX awards.

Our students continue to represent the College in a professional manner, both during school time and abroad at the many experiences on offer. A huge thank you to our Ngawan House Senior Captains this year; Nic Bell and Sarah How, supported by Ngawan Middle School Captains; Austin Leonard and Jack Mortimore, who've contributed greatly in 2022 to support the House and whole school.

Have a great break over the holidays, looking forward to seeing you rejuvenated and inspired to achieve your best in 2023.

Go Stingers!

Matthew Bell - Ngawan House Leader

SENIOR CAPTAINS
Nic Bell and Sarah How

MIDDLE SCHOOL CAPTAINS
Austin Leonard and Jack Mortimore

In 2022, Ngawan House had many plans put to action. We chose to raise money for the MND charity as it was something special that we could do, raising over \$1500 through BBQ's run by students and donations. We ran a Homegroup noodle hockey competition with the aim to bring more fun into our Homegroups. Throughout this year we all enjoyed our time as being Ngawan House Captains and working alongside the Ngawan House team. We wish all the best for the future Ngawan House Captains hoping they can continue the legacy.

Nic Bell and Sarah How

Wow, what an incredible year!

As 2022 comes to an end, it is wonderful to reflect on the outstanding achievements and efforts from all our Baan House students. The year saw us be named House Champions for the 3rd straight year, we acknowledge all the contributions from all our students.

We had an incredibly large number of students work together to achieve House points across all the sporting events. This culminated in us winning the Sporting Endeavour trophy for the second time. We also had a huge number of students representing the College proudly at various interschool sport events.

This year saw a large number of students work together to achieve the highest number of merits across the year. We had a grand total of 1939 merits from each of the values. While this achievement is not possible without every students' hard work, we must also acknowledge Anisa Aganovic and Aliyah Orwin for both receiving a Principal's Award.

Baan House were also the recipients of the Academic Trophy for 2022. This was earned through the hard work in every CAT by all Baan students across the year. We had an incredible number of High Distinction and Honours students as well as Tegan Barber who won the Dux award for Year 7.

Our House has been led by Senior Captains Alayna Corner and Lauren Smith-Anderson and Middle School Captains Neave Delaney and Makayla Knight. The team are to be congratulated on their contributions made throughout the year. They worked tirelessly behind the scenes, speaking passionately at each of our House assemblies and leading the many House activities.

In farewelling our Year 12 students, we acknowledged their great qualities and diverse skills to take forward into their future. It has been amazing to see their growth over the years at the College and we wish them all the best in their future endeavours.

I would like to acknowledge the hard work that Abbie Hansen and Jade Hubben demonstrate each day in their role as a coordinator. The care and support they show all our students is of the highest quality and our students are lucky to have them. I also want to thank Ruth Donaldson (Learning Mentor) and Maria Pisano (Pathways advisor) for their support of our students. There is a long list of students who's school year has been made easier with their guidance.

To all those in Baan House, stay safe over the holidays. I look forward to seeing you all again next year to continue your efforts to make us proud of our great House.

Andrew U'Ren - Baan House Leader

We are proud to have been your captains this year for Baan House. Bringing many victories, including the House cup, it has been an honour to have lead this great success. Helping re-establish our House identity has been one of our highlights. After a few years of covid impacted education, it has been a privilege to frontier a year focused on bringing our Baan House community together.

We are so proud of your efforts this year and wish you all the best of luck in your studies and future endeavours.

Alayna Corner and Lauren Smith-Anderson

SENIOR CAPTAINS

Alayna Corner and Lauren Smith-Anderson

MIDDLE SCHOOL CAPTAINS

Niamh Delaney and Makayla Knight

2022 has been an exciting year for Darrang House. We have moved into our new office in the Wellbeing Centre and have enjoyed welcoming our students into our new space. At the official opening of the Wellbeing Centre, we were privileged to hear from our Wellbeing Co-ordinator Mr Nichol, about the importance of supporting each other and being kind. It was a meaningful way to open the space and helped to reinforce the idea that the Student Wellbeing & Learning Centre really is the heart of the school.

Darrang has had a successful year of sporting carnivals, and we are proud to say that we were the overall winners of the annual Cross Country event! Our win at this event has given us a taste of success and we now have our eyes on the big prize of the House Cup in 2023.

Aside from our sporting achievements, we are also proud of our academic successes. It was impressive to see so many of our Darrang students being rewarded for their hard work at our Mid-Year Academic Awards assembly, and we are proud of the commitment and enthusiasm that our students show towards their studies. We also had numerous students receive Values Awards this year as a testament to their ongoing display of our College values of Respect, Endeavour, Resilience, and Compassion. Another highlight of 2022 was our House Assemblies. Our Senior Captains, Steph Troiano and Tial Lian Ching, spoke at each assembly about our school values, with a particular focus on small things that each member of our House could do to better our school community. They spoke passionately about the value of Compassion and how a seemingly insignificant gesture of kindness could have a positive impact on someone's life. We would also like to thank our Middle Captains, Bailey Paget and Mel Price-O'Reilly, for their contribution to the assemblies. The Teacher Hotseat segment was a fan favourite and will definitely be making a return in 2023!

To our Year 12 students, we wish you all the best on whatever path you choose next. We thank you for your contribution to Mooroolbark College over the past six years, and hope to see many of you return next year as student helpers or simply to pop in for a chat.

And lastly, to the Darrang House Team - Jenny Roberts, Alex Scott, Sarah Coghlan, and Sarah Pearsall - thank you for your ongoing support. To our fabulous Darrang Homegroup teachers - we thank you for ensuring that every student starts the day with a friendly face and a supportive environment.

We hope that all of our Darrang students have a happy and safe holiday break, and we look forward to starting a new chapter with you in 2023. Bring on the House Cup!

Sarah Garnaut - Darrang House Leader

2022 was a year we will never forget. Our captaincy allowed us to grow as individuals and we could not be more grateful. This year saw Darrang House come together and support one another across all areas, after multiple disrupted years. This year our goals as a House were to increase involvement in school events and recognise and celebrate the achievements of Darrang House students, which as a House, we succeeded with. Reflecting on our speech at assembly we would like to remind students to continue spreading kindness and compassion!

Goodbye Darrang! We wish you all the best

Tial Cung Lian Ching and Stephanie Troiano

SENIOR CAPTAINS
Tial Cung Lian Ching and Stephanie Troiano

MIDDLE SCHOOL CAPTAINS
Bailey Paget and Melody Price-O'Reilly

2022 was a great year in Biik House. Our students showed amazing resilience, compassion, endeavour, and respect during the year. Throughout the year we had a strong focus on compassion in our assemblies and homegroups, with key messages about showing kindness to those around you as we re-adjusted to our normal routines and completing a whole year onsite. Biik House won the Community Involvement Cup and came third overall in the House Cup.

Biik House continued the trend of receiving lots of merits this year and this meant we gave out many Value Awards. Congratulations to Carter Rose in Year 7 who received a Principal Award in Term 3, incredible achievement to get all four values awards in such a short time and very well deserved.

Biik House wore their red colour with pride at the carnival days and showed outstanding support for their peers that were competing on the days. At the swimming carnival we were the loudest and proudest house there, with our red hand clappers and Biik House chant filling the stands with noise. The chant continued at the athletics carnival and the costumes of dinosaurs, racing cars and more were incredible.

Thank you to our senior Biik House Captains; Jessie Dawt Tha Hlei Par and Jess Voigt and the Middle Biik House Captains; Blake Hazeldene and Keira Leonard. These four captains worked together from the beginning of the year, enthusiastic to make a difference in Biik House. They presented at assemblies with passion and shared strong messages of showing kindness to those around you. The captains organised an outstanding Biik House dodgeball tournament that saw R8 take the win. At carnivals, their energy was on fire, they rallied up their peers to compete for house points and revved the crowds up to get the Biik House chant going.

A shout out to the Biik House team - Lucas Unland, Aaron Cross, Dannielle Keogh, and Sarah Pearsall for showing incredible support to all our students by supporting their wellbeing, strengthening their learning, and celebrating their achievements. Thank you to the Biik House Homegroup staff for their ongoing support to our students each morning, and running engaging activities. You make a difference to each student's day.

To the Year 12 students of 2022, congratulations on completing your schooling. You have all shown remarkable resilience throughout the years and should be extremely proud of yourselves. We are very proud of you, and we wish you all the best with your future endeavours. To all our Biik House students, well done on another fantastic year. Have a safe and happy holiday, we look forward to welcoming you back in 2023.

Allie Grey-Smith - Biik House Leader

Biik House this year has been very focused on spreading kindness and compassion. We have been so proud of the way Biik House students have embraced the merit activity we initiated, jumping at the opportunity to acknowledge and praise their peers acts of kindness and compassionate words. We are proud of every student in our House and the contributions they have made to elevate Biik House and make it such an enjoyable experience to be a captain.

Thank you for having us, we will miss you all and the Biik House team dearly.

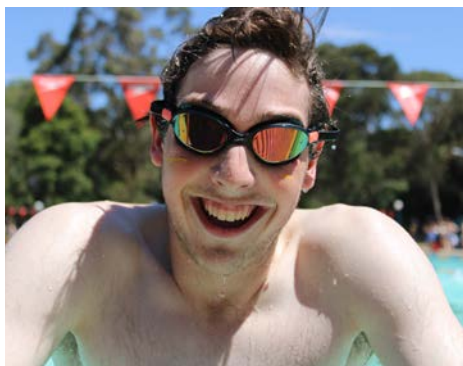

Dawt Tha Hlei Par and Jessica Voigt

Dawt Tha Hlei Par and Jessica Voigt

MIDDLE SCHOOL CAPTAINS
Blake Hazeldene and Keira Leonard

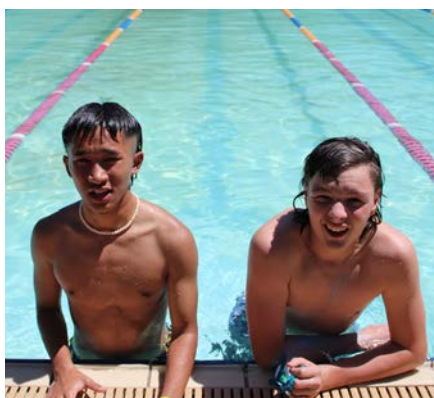

SWIMMING CARNIVAL

In Term 1 the College hosted the annual swimming carnival at Croydon Memorial Pool. The carnival is always a terrific way to kick off the year!

Baan House were awarded the House Swimming Trophy after an extremely close contest. It was great to see students from all four Houses competing for points in the 50m lap pool, walking lane and the house water polo tournament. We had plenty of terrific performances in the pool.

Age champions are awarded to students who competed in numerous races throughout the day and achieved maximum points for their House.

ATHLETICS CARNIVAL

The Athletics Carnival is always a highlight on the school calendar. The grandstand was flooded in a sea of blue, green, red and yellow with students of all year levels ready to participate.

Everywhere you looked there were record breaking performances and valuable House points being earned. The 'longest kick' contest competition gained plenty of attraction with students stepping up to the plate to unleash a torpedo across in the infield of Knox Athletics Track.

Once again, the Ngawan proved extremely hard to beat, taking out the 2022 Athletics Carnival title.

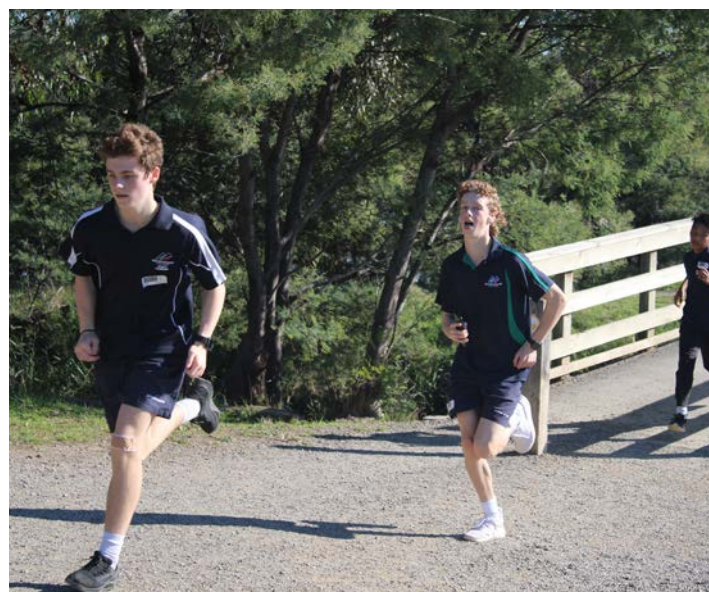

CROSS COUNTRY

The final sports carnival is our Cross Country Carnival held at Lilydale Lake. The weather was on our side with the sun shining over the lake and over 400 students running along the sand to cross the finish line.

Darrang House were our champions. This was brought on by fantastic participation, as well as some terrific individual efforts. Well done to all students who attended the meet.

Extra recognition needs to go Reuben Johnson in Year 10, who progressed all the way to the State Championships and placed in the top 25. Incredible effort Reuben!

Record numbers of participants signed up for the variety of Interschool Sports on offer. Mooroolbark College had some superb results, with special mentions to the following teams who progressed to the EMR championships. This is the most teams we've had qualify in recent years. Amazing work!

Year 8 Girls Volleyball
Year 8 Boys Volleyball
Intermediate Girls Volleyball
Senior Boys Volleyball
Intermediate Girls Volleyball
Senior Girls Tennis
Year 7 Boys Baseball

Year 7 Boys Soccer
Senior Boys Soccer
Year 8 Girls Netball
Year 8 Boys Football
Year 8 Girls Badminton
Senior Girls Badminton
Intermediate Boys Basketball

In addition to this, we had two teams win the EMR Championships and progress to the state finals. Congratulations to our Year 7 girls Netball and Year 7 girls Volleyball teams, we're so proud of you! Bring on 2023!

Ryan Exon - Interschool Sport Coordinator

Madison Adams

Interests: Sleeping, being with friends, watching footy with dad

Future aspirations: Something to do with sports/PE

"High School Musical was pretty unrealistic"

Jackson Addicott

Interests: Sport and hanging out with my mates

Future aspirations: A doctor working in the sports industry

"Thanks, Basil"

Van Bawi Dong Aithang

Interests: Volleyball and singing

Future aspirations: Nursing and helping people

"I don't want to go"

Jackson Alexander

Interests: Sports, KFC and music

Future aspirations: Be a paramedic

"I'm not him"

Carly Anderson

Interests: Hairdressing

Future aspirations: Travelling

"I want to thank Google, Wikipedia and whoever invented copy and paste"

Harrison Argus

Interests: Cars and videogames

Future aspirations: Who knows?

"Good morning, and in case I don't see ya, good evening, good afternoon, and goodnight"

Mia Austin

Interests: Footy and travel

Future aspirations: Continue playing for Carlton, study Exercise Science and travel

"Can I please fill my drink bottle up?"

Joshua Bartlett

Interests: Basketball, gym and wakeboarding

Future aspirations: Start a business, have a healthy family, travel the world and make a career out of basketball

"Say mums"

Van Tum Sang Bawi Hrin

Interests: Sleeping

Future aspirations: Become a tradie

"Be more positive and less negative"

Liliana Baynham

Interests: Netball/basketball, listening to music, hanging around with family and friends and cooking

Future aspirations: Travelling, uni and a career

"Don't sweat the small stuff"

Nic Bell

Interests: Footy, cooking new stuff in the kitchen and making progress in the gym

Future aspirations: Become a radiologist and be the best person I can be

"I'm 6 ft in shoes"

Chloe Bellinger

Interests: Reading, cooking, photography, animals, talking, TV shows and hanging out with friends

Future aspirations: Find happiness in my career and trying to enjoy the many highs and lows of life

"Cold hands, warm heart"

Lachlan Breen

Interests: Sports

Future aspirations: Become a physiotherapist, be rich and be happy

"Yes, I am really 6 ft 6"

Shantelle Brodie

Interests: Sleeping

"Deez"

Luke Campbell

Interests: Sport, hanging out with mates, aviation, cars and history

Future aspirations: Completing a History course

"Yes, mate"

Scott Cavanagh

Interests: Sport

Future aspirations: Continuing to play tennis and cricket

"Yes, mate"

Ashlee Charlton

Interests: Going out for dinner with friends and watching Essendon lose most weeks

Future aspirations: Travel and primary school teaching

"Yes, I am Tyler's younger sister"

Noah Coles

Interests: Sleeping and procrastinating doing homework.

Future aspirations: Something in Sports Management

"I'm not great at the advice, can I interest you in a sarcastic comment?"

Alayna Corner

Interests: Art and gym

Future aspirations: To study Psychology and Personal Training, and travel.

"Like everything, I spent way too long overthinking this"

Lachlan Crowe

Interests: Art, technology and spending time with my friends and family

Future aspirations: A career in IT

"I have the high ground"

Sarah Daniell

Interests: Hanging with friends, bingeing shows and gym

Future aspirations: Work, save money and go to Uni

"Wait, did I put my handbrake up?"

Dawt Tha Hlei Par

Interests: Spending time with my family and friends and staying at home

Future aspirations: Tertiary education, to travel around the world and experience new cultures

"Everyday's a new bikk-inning"

Marcus De Martino Rosaroll

Interests: Footy and golf

Future aspirations: Become a physio

"I've been called the songbird of my generation"

Courtney Deery

Interests: Footy and spending time with friends

Future aspirations: Paediatric nursing

"It's Courtney not Jayde"

Jayde Deery

Interests: Hanging out with friends and family

Future aspirations: Vet nursing or nursing, and travelling around Europe

"It's Jayde, not Courtney"

Zoe Douch-Gardiner

Interests: Hanging out with friends and having new adventures

Future aspirations: Travel the world

*"Did everyone see that? Because I will not be doing it again"
- Jack Sparrow*

Darcy Draper

Interests: Ducks

Future aspirations: Working at BTA towbars and the Police force

"I would like to thank Google and the copy paste feature... without them I wouldn't be here"

Jason Dunn

Interests: Motorbikes, video games and gym

Future aspirations: Carpentry and travelling

"The roof is not my son but I'll raise it"

Joshua Edwards

Interests: Gundam models, gaming, Gundams and ferrets

Future aspirations: Robotics engineering

"Life is crazy, but ferrets are crazier"

Perla El Smaili

Interests: Music, reading and hanging out with friends

Future aspirations: Work then Uni

"I'm gonna do really bad in Accounting"

Tayla Evans

Future aspirations: Become a nurse or paramedic

"Shoulda done VECAL"

Ajay Fairweather

Interests: Money and going out

Future aspirations: Become rich, win the lottery or Maccas Monopoly

"If you can't change the people around you, then change the people around you"

Tayla Ferguson

Interests: Netball and AFL

Future aspirations: To go to TAFE and become a nurse

"I will actually try this time"

Declan Finch

Interests: Playing footy and golf

Future aspirations: Get rich and retire young

"Say mums"

Jessica Francis

Interests: Playing footy and seeing friends

Future aspirations: Get rich or die trying

"Almost failed VCAL, how are ya?"

Amy Garratt

Interests: Camping, watching movies, cooking and hanging out with friends

Future aspirations: To study Criminology at Uni

"Every song is a head banger as long as you bang your head"

Mikayla-Jayde Glover

Interests: Dancing, drawing, designing, photography, fashion

Future aspirations: Travel and some kind of career in the arts

"Can I have the keys to the kitchen please?"

Tanayah Godley

Interests: Laughing at my own jokes

Future aspirations: Move to Hamilton Island

"Can we move the SAC? I have a concert the night before"

Aidan Gomiscek

Interests: Music, guitar, cars, basketball, gaming, watching TV, working out and collecting shoes

Future aspirations: Start my own business, make heaps of money, retire at 35 and go to space

"I look better in person"

Jasmine Goodwin

Future aspirations: Work in social work or interior design

"Oh hell, naw"

Mia Gordon

Subjects: English, Further Mathematics, Health and Human Development, Physical Education and Psychology

Ben Graaf

Interests: Sport, music and woodwork

Future aspirations: To be a chippy, and potentially have a farm to avoid tax

"Life is like a sandwich; no matter which way you flip it, the bread comes first"

Benjamin Grant

Interests: Sport, cars and story writing

Future aspirations: Sports journalism

"Yes, mate"

Luke Griffin

Interests: Playing cricket and watching footy

Future aspirations: Working somewhere in the sports industry

"Cheats don't prosper"

Gemma Hancock

Interests: Playing basketball, hanging out with my friends, Netflix and gym

Future aspirations: To play high level basketball

"Effort is the key to every door"

Melissa Hand

Interests: Reading, drawing and anime

Future aspirations: To live a happy, peaceful life and work in the design industry

"No amount of talent trumps hard work"

Gemma Hargrave

Interests: Partying with my friends and watching movies with my puppies

Future aspirations: Work as a nanny overseas, start my own family and live in a big house near the beach

"If someone asks you to do something, do it really bad so they never ask you to do it again"

Shelly Hart

Interests: Arts, writing, and music

Future aspirations: Defer and use that time to work on the things I want to work on

"Get crow'd"

Stella Haukinima

Interests: Sport, travelling and music

Future aspirations: Uni, travelling and starting a sport program for disadvantaged youth

"Use code STELLA at the door"

Shaylah Haywood

Interests: Art, music, sport, dirt bike riding and outdoor adventures

Future aspirations: Achieve a career to do with artistic talent

"Whoops"

Bianka Hazeldene

Interests: Listening to music, going to concerts and spending time with friends

Future aspirations: Travel and experience new cultures, and to study Psychology

"I think fearless is having fears but jumping anyway" - Taylor Swift

Samantha Henwood

Interests: PE and napping

Future aspirations: Travelling and a career in paramedicine

"Class is better when it's warm"

Tarryn Hodgett

Interests: Gym

Future aspirations: High school teacher

"That was nothing like High School Musical"

Jazmine Hosie

Interests: Spending time with my family and friends and exercising

Future aspirations: Become a teacher

"xoxo"

Sarah How

Interests: Playing netball

Future aspirations: Working full time or uni

"The most beautiful thing you can be is yourself" - Barbie

Zung Tha Thung Hringthar

Subjects: VCAL Literacy, VCAL Numeracy, VCAL Personal Development Skills, VCAL Work Related Skills

Lilliana Iuta

Interests: Music, reading, spending time with my family and enjoying the positive vibes

Future aspirations: Catch up on sleep, take a gap year and experience other opportunities out in life

"Wait what're we doing?"

Alexander Jackson

Interests: Fishing, skiing, camping, jetskiing, driving and making money

Future aspirations: Make lots of money, travel and spend all that money

"He's not me"

Reilly Jacobs

Interests: Sport and watching movies

Future aspirations: Playing football, travel and to have a comfortable career

"This is your life, and it's ending one minute at a time" - Tyler Durden

Chelsea Johns

Interests: Gym

Future aspirations: Study Justice and have a glow up

"When I die, I want the people I did group projects with to lower me into the ground so they can let me down one last time"

Sheridan Rancie

Interests: Watching TV and seeing friends

Future aspirations: A double degree of Nursing and Midwifery

"Can I have a lollipop?"

Emily Reid

Interests: Music and napping

Future aspirations: Travel and study Occupational Therapy at uni

"I hope the ATAR calculator was accurate"

Sam Roberts

Interests: Basketball

Future aspirations: Something within the sports industry

"That's dragged"

Kayley Robertson

Interests: Spending time with friends and family, and going to the gym

Future aspirations: Uni and travel

"This was nothing like High School Musical told me it would be"

Morgan Schmidt

Interests: Seeing friends, travelling and baking

Future aspirations: Uni and travel

"She'll be right"

Jordan Scott

Interests: Soccer and walking my dog

Future aspirations: Go to RMIT for Osteopathy

"If you're committed enough, you can make any story work" - Saul Goodman

Lachlan Scott

Interests: Fishing, camping and four wheel driving

Future aspirations: A carpentry apprenticeship

"I didn't break it, I was just testing its durability"

Jordan Shepherd

Interests: Architecture, infrastructural and interior design, hiking, cycling and Urbex

Future aspirations: To see Machu Picchu, Petra, Egypt, Colosseum and the completion of the Sagrada Familia

"Real"

Jannika Siljander

Interests: Naps and online shopping

Future aspirations: A gap year, work full time and then maybe Uni

"Does my hair look OK?"

Hayden Smith

Interests: Footy, fishing and surfing

Future aspirations: Have a happy and health family, and make life long memories

"What you dooking at boi?"

Xavier Smith

Interests: Footy, gym and basketball

Future aspirations: Play AFL or VFL and get a Sports Science degree

"I'm gonna play AFL"

Lauren Smith-Anderson

Interests: Spending time with my friends and family

Future aspirations: Become a paramedic

"It's Lauren, not Bonnie"

Mitchell Steele

Interests: Work and basketball

Future aspirations: A restaurant manager or a Bachelor in Business, Psychology or Criminology

"The burgers are better at Hungry Jack's"

Lachlan Sturrock

Interests: Cars, fishing, video games and catching up with mates

Future aspirations: An apprenticeship

"If one day speed kills me, do not cry because I was smiling"

Tyla Jo Tarrant

Interests: Reading, writing, film and being with my friends

Future aspirations: To study arts, film, and literature, and teaching

"Wear your crown"

Ebany Thomson

Interests: Hanging out with friends and family, softball and art

Future aspirations: To see where life takes me

"Don't let the muggles get you down" - Ron Weasley

Nattapol Thongkham

Interests: Soccer, games and basketball

Future aspirations: Work that I like

"You can overcome anything if, and only if, you love something enough" - Lionel Messi

Darcy Travis

Interests: Footy and basketball

Future aspirations: Small time criminal

"@darcytravis24"

Lauren Triangolo

Interests: Hanging out with friends

Future aspirations: Travel around the world

"Yes, my last name actually means triangle"

Zachary Sposito

Interests: Music, cars and building

Future aspirations: Work in the building industry and start a business with my cousins

"They told you it would go quick but you never tend to listen" - ZB

Jay Stephens

Interests: Maths and science

Future aspirations: Commerce at Uni

"Isn't it funny how day by day nothing changes, but when we look back, everything is different" - C.S. Lewis

Brayden Sutherland

Interests: Sports, cars, and travelling

Future aspirations: Hopefully a job I enjoy

"Don't study me, you won't graduate"

Laura Taylor

Interests: Make up, fashion, film making, gym and guinea pigs

Future aspirations: Become a film director, and create and direct my own films

"See my face on the big screen and think to yourself, 'wow, that's Laura Taylor'"

Rhys Thomson

Interests: Geocaching, beetle fighting and soap carving

Future aspirations: Study Civil Engineering at Uni

"Have you marked the SAC's yet?"

Melanie Tisch

Interests: Horse riding, animals, dog training and going out with friends

Future aspirations: Something in the animal industry and working with animals

"My level of sarcasm has gotten to the point where I don't even know if I am kidding or not"

Zeke Tresidder

Interests: Sports, 4wd, fishing and camping

Future aspirations: Completing an apprenticeship and working as a carpenter

"I'll do it later..."

Stephanie Troiano

Interests: Seeing live bands, sewing and spending time with friends and family

Future aspirations: To travel and run my own Melbourne based ethical fashion brand

"Only spent one of my free periods studying"

Samantha Tucker

Interests: Wakeboarding and baking

Future aspirations: To road trip around Australia and go overseas

"13 years...done and dusted"

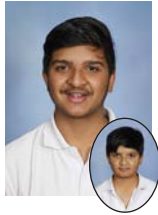

Thomas Van Thawng Mang

Interests: Dancing, eating and sleeping

Future aspirations: To be rich and famous

"I'm the best looking one here - YOU THOUGHT"

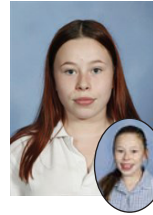

Aarnav Vatsa

Interests: Cricket, soccer, spending time with friends and family

Future aspirations: Become an accountant and play in high grade club cricket

"Failures are the most important things in life because success doesn't teach you as much, it just boosts your ego"

Amber Veerman

Subjects: VCAL Literacy, VCAL Numeracy, VCAL Personal Development Skills, VCAL Work Related Skills

Jessica Voigt

Interests: Travelling, reading a good book, days out in the city and TV

Future aspirations: To become a MICA paramedic

"I'm trying! What are you yelling at me for!" - James Taylor
